12. HOW PROPOSALS ARE EVALUATED

A. In General.

- i. Offerors are encouraged to review the solicitation and related attachments in their entirety to assure understanding of and compliance with requirements that may be included in these documents.
- ii. A proposal should address the requirements set forth in the RFP and should provide sufficient details to allow the evaluation committee(s) to determine whether the proposal evidences:
 - a. Understanding of the CDOC's needs, requirements and contracting terms and conditions; and
 - b. Ability to meet the CDOC's needs, including the experience and resources necessary to carry out the work towards meeting the CDOC's needs; and
 - c. Costs that are reasonable and consistent with the industry.
- iii. The CDOC will identify the proposal(s) most advantageous to the CDOC through an objective and competitive process. A committee will review all acceptable proposals in accordance with §24-103-203(7), C.R.S., and may request more information or clarifications from any Offeror. The committee will then recommend one or more proposals for the award. The Single Point of Contact will notify all Offerors of the final decision.
- iv. **Mandatory Criteria.** The CDOC may identify mandatory criteria. However, the CDOC reserves the right to waive mandatory requirements pursuant to Rule §24-103-301-03.
- v. Font size for basic narrative description must not be smaller than 10pt font Ariel, Courier, or Times New Roman are preferable. Do not send handwritten documents.
- vi. A proposal should be thorough, but not exhaustive, and it should address the requirements set forth in this solicitation and should provide sufficient details to allow the Evaluation Committee to determine whether the proposal demonstrates an understanding of the CDOC's needs, including the experience and resources necessary to carry out the work; and costs that are reasonable and consistent with the industry.
- vii. **Evaluation Committee (Committee).** The purpose of the Evaluation Committee is to review the submitted proposals, engage in candid and thorough discussions, and recommend a Offeror for the award. The Committee will utilize measures to ensure the integrity of the evaluation process. The measures include the following:
 - a. Selecting committee members who possess no conflicts of interest related to this solicitation.
 - b. Facilitating independent reviews of proposals.

- c. Requiring the evaluations of the proposals to be based strictly on the content of the proposals.
 - d. Ensuring the fair and impartial treatment of all Offerors.
- viii. Evaluation of Factors. An Evaluation Committee will evaluate proposals against all evaluation factors set forth in the RFP. The evaluation, including the results of any discussions, will result in determination by the committee of the competitive range of Offerors reasonably susceptible to receiving an award. Factors that would allow for success in meeting the responsibilities outlined in this RFP are:
 - a. Completeness and accuracy of the proposal in addressing CDOC needs and requirements as outlined in **Exhibit A** Statement of Work, Offeror Response and proposal Content.
 - b. Cost-Effectiveness: Reasonableness of the proposed budget in relation to the scope of work. The CDOC will consider price on determining the competitive range and apparent successful Offeror.
 - c. The CDOC reserves the right to determine a Offeror's responsibility based on factors such as financial, material, personnel resources and expertise; satisfactory record of past performance; satisfactory record of integrity; and status of debarment, Reference §24-101-310(43) C.R.S.
 - d. Note: It is the Offeror's responsibility to assure all required materials are included with the proposal. Failure of a Offeror to provide required information and/or failure to follow the response format for this RFP may result in reduced scoring and/or exclusion from the competitive range of Offeror proposals reasonably susceptible of receiving an award.
- ix. Weighted Scale Evaluation Process. In evaluating proposals submitted in response to this RFP, CDOC may employ a weighted scale evaluation process to ensure a fair and objective assessment of each submission. This process involves assigning weights to specific evaluation criteria based on their importance to the overall project goals and objectives. Each proposal will be evaluated against the criteria outlined in **Exhibit A** Statement of Work, Offeror Response and Proposal Content. Evaluators will assign a score to each criterion; the scores will then be multiplied by the corresponding weights to calculate a weighted score for each criterion. The total weighted score for each proposal will be determined by summing the weighted scores across all criteria.
- x. References. The CDOC may contact references, whether provided or not, and consider them as part of the evaluation. Past performance and feedback from references and the success of previous projects may be evaluated.
- xi. Demonstrations and Discussions. The Evaluation Committee's initial evaluation will be based on the written proposals. Offerors should confirm that their proposal adequately conveys the soundness of their approach and their understanding of the solicitation requirements. The Evaluation Committee may, if it deems necessary, request clarifications, conduct discussions or oral presentations, or request best and final offers. Per §24-103-203-03, discussions may be held with responsible Offerors whose proposals are determined to be reasonably susceptible to be selected for award to:
 - a. Promote understanding of the CDOC's requirements and the Offerors' proposals; and;
 - b. Facilitate a contract that will be most advantageous to the CDOC taking into consideration price and the other evaluation factors set forth in this RFP.

- c. The Evaluation Committee may adjust its scoring based on the results of such activities. However, proposals may be reviewed and determinations made without such activities. Offerors should be aware that the opportunity for further explanation might not exist; therefore, Offerors should ensure that their submission is complete, and are encouraged to submit their best possible proposal, including pricing.
- d. CDOC may request that clarifications resulting from discussions be submitted in writing by the Offeror(s) to the CDOC. Offerors will be given a reasonable timeframe in which to submit written clarifications and to provide any related revisions to their initial proposal. Such revisions will be limited to the guidelines included within the CDOC's requested clarifications. As discussions are at the CDOC's discretion, Offerors should not rely on the opportunity for discussions to clarify their proposal.
- xii. Best and Final Offer. The CDOC reserves the right to give Offeror(s) in the competitive range an opportunity to submit a best and final offer (BAFO) at any point during the negotiations process.
- xiii. Exceptions to State of Colorado Terms and Conditions. The standard terms and conditions in the State Personal Services Contract shall govern this procurement and are hereby incorporated by reference. Offerors must submit any requested changes to the state's contract template in redline format with their proposal. Please note that the section of the Contract identified as the Colorado Special Provisions are considered non-negotiable.
 - a. The CDOC does not agree to accept any requested changes to the state's contract template and will only consider changes proposed by potential Offerors. While the CDOC will work with a potential Offeror on requested changes, none are guaranteed. Additionally, Offerors are cautioned that modifications to any of the provisions in the CDOC Personal Services Contract Template as well as other standard state **Exhibits** are considered to constitute an increased risk as well as increased costs to the State. Therefore, Offeror's noted exceptions may be considered in any evaluation.
 - b. Any changes requested to the Model CDOC Personal Services Contract or **Exhibits** accompanying this solicitation will constitute an increased timeline to contract execution as approvals may need to be obtained by multiple State Agencies (e.g., Department of Personnel and Administration, Attorney General, Colorado Department of Early Childhood, etc.). Therefore, any requested changes will take several weeks to review.
 - c. If no exceptions are noted, Offeror indicates their intent to accept the State of Colorado Terms and Conditions as-is.
- xiv. Notice to Nonresident Offerors. If a nonresident Offeror is from a state that provides a bidding preference to Offerors from that state, then a comparable percentage disadvantage will be applied to the Proposal of that nonresident Offeror pursuant to C.R.S. §24-103-908.
