Request for Information (RFI): Title X Family Planning Subrecipient Opportunities

To: Interested Organizations

RE: Request for Information

Date: September 1st, 2026

The South Dakota Department of Health (DOH) is seeking information from organizations interested in serving as subrecipients under the Title X Family Planning Program. Title X is the only federal grant program dedicated solely to providing individuals with comprehensive family planning and related preventive health services. These services are designed to help individuals achieve their reproductive life plans, access high-quality clinical care, and receive education and counseling to support informed decision-making.

The Title X program supports accessible, confidential, and affordable services, including:

- Family planning education and counseling
- Contraceptive services and supplies
- Pregnancy testing and counseling
- STI testing and treatment
- HIV screening and prevention
- Preconception and reproductive life planning
- Basic infertility services
- Related preventative health services
- Community education and outreach
- Referrals to other medical or social services

This RFI is exploratory and intended to help DOH understand statewide capacity, service availability, and potential partnerships to support comprehensive family planning services. Responses to this RFI will help inform future funding opportunities and broader program planning. Participation in this RFI does not constitute commitment by DOH to fund or enter into a contract.

KEY CONSIDERATIONS

- This RFI is for informational purposes only and does not obligate DOH to pursue procurement.
- Responses will be used to assess statewide needs and identify potential subrecipient candidates.
- Information submitted becomes property of the State of South Dakota and will be kept confidential as allowed by law.
- Organizations are advised that no compensation will be provided for costs incurred during the preparation and submission of responses to this RFI.
