1. OVERVIEW:

1.1. **SCOPE AND BACKGROUND:** Through this Request for Proposal (RFP) the Department of Mental Health (DMH, hereinafter the “State”) is seeking to establish contracts with one or more companies that can provide patient representative services pursuant to 18 V.S.A. § 7253.

1.1.1. **DESCRIPTION OF ORGANIZATION:** The Vermont Agency of Human Services (AHS) strives to improve the conditions and well-being of Vermonters by ensuring all Vermonters have the opportunity to thrive in inclusive, equitable, and resilient communities. The scope of AHS is profound. Through its six departments, twelve district offices, and a network of community partners and providers, it is responsible for the implementation and delivery of all human service programs within the state. Each department has a distinct area of focus and responsibility and contributes to the creation and sustenance of an entire system of human service supports.

The Department of Mental Health (DMH) resides under AHS and has the same critical mission in mind. DMH promotes mental health as a vital part of overall well-being by advancing prevention, early intervention, and recovery-focused care. Our vision is that mental health serves as a cornerstone of health in Vermont, where inclusive communities respond with compassion and respect, enabling all Vermonters to thrive and participate fully in their lives. This work is guided by our core values of compassion, equity, integrity, collaboration, and accountability.
