2 General

The University of Iowa, located in Iowa City, Iowa (hereafter, "University") desires to obtain written proposals from qualified suppliers to provide an analysis of and recommendation for the financial structure of its medical malpractice liability program within University of Iowa Health Care. The analysis and recommendation should consider the size and acuity of the patient population within the health system, state of Iowa tort and malpractice laws, and the 28E agreement between the Iowa Department of Justice and the University of Iowa. Consideration should be given to previous malpractice cases, settlements, and judgements within the UI health care system and market forces present within the industry. Consideration should also be given to the current structure of UI Health Care's mutual insurance company, Iowa Medical Mutual Insurance Company, and recommendations as set forth the Scope of Services below.

Although the University has listed general criteria that will be used in its final evaluation, the University does not intend these criteria to limit the Supplier's creativity in preparing a proposal it believes will accomplish the University's goals. The use of a specific Supplier will be based on the Supplier's performance.

The required documentation of expertise and qualifications outlined in this request is intended to serve primarily as a general guide for each statement of qualifications, with the minimum requirements listed. Each Supplier is expected to submit a fully detailed statement of qualifications, which adequately describes the advantages and benefits the University would realize by selecting the Supplier.

The University may at its option, require oral presentations if deemed necessary, in considering the University's best interest.

Interested Suppliers are invited to submit qualifications for the Supplier and the individual qualifications of the Supplier's representative(s) designated as key personnel to be assigned to the University if selected, as described in the RFQL.

3 Background

The University of Iowa

The University of Iowa is a broad-based public university of international stature. As of fall 2024, its enrollment totaled 32,199 students. It is recognized for its academic achievement; leadership in research; and its academic health system, University of Iowa Health Care. As of 2025 the university has an overall budget of \$5.8 billion and employs approximately 21,000 full-time faculty and staff. More information can be found at the [Office of the Registrar](#).

The University of Iowa Health Care

University of Iowa Health Care is Iowa's comprehensive academic health system, which includes the Roy J. and Lucille A. Carver College of Medicine, the UI Health Care clinical enterprise, and UI Physicians, the multispecialty medical and surgical group practice. The clinical enterprise includes medical centers on the university campus, downtown Iowa City campus, and North Liberty campus in the neighboring community of North Liberty, Iowa. UI Health Care also has outpatient clinic locations in the Iowa City area and communities throughout the state. The downtown campus, formerly Mercy Iowa City Hospital, joined UI Health Care in January 2024. The North Liberty campus, the first construction of a new hospital away from the university campus, opened in April 2025. At its medical centers and clinics, UI Health Care provides adult and pediatric primary and specialty care to patients and families from across Iowa, throughout the nation, and around the world. Its clinical enterprise is comprised of more than 1,200 staff physicians and dentists, nearly 875 resident and fellow physicians, and over 6,000 nursing team members. Collectively, the three medical center campus locations include more than 1,000 inpatient beds. For fiscal year 2024, UI Health Care reported more than 34,000 inpatient admissions and over 1.3 million clinic visits at its medical centers and clinics. UI Health Care is ranked annually by U.S. News & World Report as the state's top medical center and one of the nation's best hospitals, with several of its specialties ranked among the top 50 in the country. UI Health Care Stead Family Children's Hospital is Iowa's only children's hospital nationally ranked by U.S. News. UI Health Care was the first in Iowa to be designated a Magnet Hospital (2004) by the American Nurses Credentialing Center and the first in Iowa to be re-designated four times (2008, 2013, 2018, and 2023). Through innovation, collaboration, and expertise, UI Health Care is committed to providing safe, high-quality care with excellent service and exceptional outcomes. In addition to serving as a center for highly specialized care, UI Health Care conducts research to better understand, prevent, and treat injuries and illnesses, and it also educates students and trainees in medicine and allied health professions.

UI Health Care is self-insured up to \$4,000,000 per individual claim. Claims that exceed the self-insured level are insured by IMMIC (description of company in passage below) for an additional \$2,000,000 per claim. Individual claims that exceed \$6,000,000 or exceed \$15,000,000 across all claims in a fiscal year, are funded by the state of Iowa under the 28E agreement.

Iowa Medical Mutual Insurance Company (IMMIC) is a professional liability insurer organized under Iowa law as a mutual insurance company. IMMIC issues claims-made medical practitioners liability coverage for covered professional liability claims arising from the provision of healthcare services, subject to stated exclusions, limits, and reporting requirements. The policy also includes extended reporting period provisions and identifies the insured as a member of the mutual company, with voting rights assigned by proxy to the chairman of the board and VPMA/Dean of UI Health Care.

IMMIC is closely affiliated with the University of Iowa clinical enterprise. Liability coverage is provided for professional services rendered by a UI Health Care physician or advanced practice provider (APP) that is acting as a participant (physician) or member (APP) in the University of Iowa Carver College of Medicine Faculty Practice Plan. A separate endorsement adds the State of Iowa, the Iowa Board of Regents, and the Carver College of Medicine as named insureds, but only for covered claims arising from professional services rendered by physicians or surgeons participating in that faculty practice plan.

4 Scope of Services

The successful Supplier will work in partnership with the University and will be expected to fulfill the following scope of services, including but not limited to the following:

1. Analysis of the current malpractice financial structure
 - I. An assessment of applicable Iowa medical malpractice laws, the 28E agreement, and historical malpractice claims experience.
 - II. An evaluation of the current policy dollar amounts, the IMMIC structure, and the malpractice funds flow in light of the size, complexity, and scope of services provided by UI Health Care.
2. Provide a recommendation whether to:
 - I. convert the IMMIC company to a captive Insurance company under recently enacted Iowa Code Chapter 521J.
 - II. dissolve the IMMIC company and full self-insurance up to the 28E agreement thresholds.
 - III. continue under current governance, policy structure, and financial framework.
3. Provide a malpractice risk index for each medical and surgical specialty that can be used to determine premium levels to charge to departments and specialties within UI Health Care.

5 Scope of Services - Changes

The University reserves the right to change the scope of work as required. Notices of such changes will be made in writing by the University to the Supplier.

6 Supplier Requirements

Suppliers must clearly demonstrate and provide documentation substantiating that they are compliant in each of the following areas. The University reserves, solely, the right to reject any submittals if the evidence or references submitted by such Supplier fails to satisfy the University that said Supplier is properly qualified in any of these areas. It shall not be the responsibility of the University to request additional information to satisfy these requirements, if such information is not provided with the submitted response. Failure to respond to any question or follow the instructions herein may result in disqualification

7 Project Proposal

Provide a proposal detailing the Supplier's process to be used in providing the services described herein. The proposal should clearly indicate any major requirements that cannot be met by the Supplier, and highlight the major features of the proposal to assist the reader in determining generally how the qualifications of the Supplier and the proposal meets and exceeds the requirements proposed by the University.

Please include, at minimum, the following information in your Proposal:

1. Demonstrated experience advising hospitals, academic medical centers, integrated delivery systems, or health systems on professional liability financing.
2. Familiarity with physician practice plans, employed physician groups, faculty practice organizations, and academic medical centers.
3. Experience evaluating, implementing, or advising on alternative malpractice financing and governance structures for AMCs or faculty practice organizations, including self-insurance programs, captives, mutuals, or hybrid financing models.
4. Clearly describe your proposed timeline and fee structure including any expenses.

(Required: Maximum 4000 characters allowed)

8 References

The successful Supplier must demonstrate to The University that it has adequate experience. Please submit **three (3)** references for which the Supplier has provided these services. Of particular interest to us would be your firm's previous work with comparable institutions using services outlined in this RFQL. Client references should represent major accounts of the Supplier. Include the business or institution's name and address, as well as the contact's name with a telephone number, fax number and e-mail address.

(Required: Maximum 4000 characters allowed)

9 Single Point Contact

The name of a single point managerial-level contact for the University to coordinate all requirements and to be the point of contact for any problems/questions that may arise. This individual will meet periodically with University personnel and/or the committee, will research information and deliver special reports as needed or directed by the University and/or the committee.

Please indicate the individual consultant(s) who will be the key participants in delivering these services. You must include name(s), qualifications, and level of involvement.

(Required: Maximum 4000 characters allowed)

10 Stakeholders Involvement

Include Supplier's approach to involving stakeholders throughout the data gathering and planning processes and the development of recommendations. Based on Supplier's experience from similar engagements identify the individuals and/or groups that Supplier believes should be informed of the process, and/or those that should provide input into this engagement, and explain Supplier's rationale for including those groups in this process.

(Required: Maximum 4000 characters allowed)

11 Expertise

Identify issues Supplier believes from reviewing this RFQL and Supplier's expertise with previous engagements of a similar nature that were not defined, which Supplier will be able to address in addition to the requirements of this RFQL.

(Required: Maximum 4000 characters allowed)

12 Risk Assessment

Include from Supplier's perspective and past experiences, what Supplier believes to be the inherent risks in a project of this nature.

(Required: Maximum 4000 characters allowed)

Evaluation Criteria/Method of Award

Evaluation will be based upon presentation of the materials outlined herein, with particular attention paid to the scope and nature of services. A University committee intends to select Supplier(s) exclusively from written proposals, but reserves the right to request a follow-up interview and presentation from qualified suppliers.

The University will select the Supplier(s) that best meets the requirements of the solicitation and other considerations as stated in the RFQL. However, the University reserves the right to withdraw this RFQL and to make decisions it determines to be in the best interest of the University.

The University reserves the right to conduct discussions with Suppliers, to seek further information and clarification, to accept revisions of proposals, and to negotiate price changes. During this discussion period, the University will not disclose any information derived from proposals submitted, or from discussions with other bidders. Upon selection of the successful Supplier(s) the University will enter into negotiations with Supplier(s) for an appropriate agreement(s). These negotiations may not depart substantially from the selected proposal without the University's agreement. If the University and the Supplier selected are unable to reach an agreement, the University may terminate negotiations and begin negotiations with another Supplier or seek new proposals.

Supplier's submission of a proposal constitutes Supplier's acceptance of the evaluation technique and Supplier's recognition and acceptance, that subjective judgments will be used by the University during the assignment of points.

Determination of compliance and responsiveness to the requirements of the RFQL will be made after a thorough and careful review of the proposals. Your proposal must contain information relative to each of the items listed below to be considered responsive. Answers should be detailed and complete.
