SECTION 1. INTRODUCTION & INSTRUCTIONS

SEC. 1.01 PURPOSE OF THE IRFP

The Department of Education and Early Development, Division of School Finance and Facilities, is seeking professional services to annually update the Program Demand Cost Model for Alaskan Schools, including current construction costs, escalation factors, supporting calculations, spreadsheets, instructions, and related documentation. In the first year of the contract, the contractor will also complete an updated Geographic Area Cost Factor assessment to reflect current construction conditions and cost differences throughout Alaska.

SEC. 1.02 BUDGET

Department of Education and Early Development, Division of School Finance and Facilities, estimates a budget of **\$90,000** for completion of this project. Proposals priced at more than **\$90,000** will be considered non-responsive and rejected. The total budget will be divided into five (5) possible terms. Renewals are granted at the discretion of the State of Alaska.

- Initial Term – October 2026 – September 31, 2027
- Renewal Option #1 – October 1, 2027 – September 31, 2028
- Renewal Option #2 – October 1, 2028 – September 31, 2029
- Renewal Option #3 – October 1, 2029 – September 31, 2030
- Renewal Option #4 – October 1, 2030 – September 31, 2031

Approval or continuation of a contract resulting from this IRFP is contingent upon legislative appropriation.

SEC. 1.03 DEADLINE FOR RECEIPT OF PROPOSALS

Proposals must be received no later than **3:00PM** prevailing Alaska Standard Time on **September 28, 2026**, as indicated by postmark or email timestamp. Late proposals will not be considered.

SEC. 1.04 PRIOR EXPERIENCE

In order for offers to be considered responsive offerors must meet these minimum prior experience requirements:

- The successful contractor must have at least five years of professional experience developing or updating construction cost models and preparing conceptual construction cost estimates.
- The contractor must have successfully completed at least three comparable projects involving spreadsheet-based cost models, construction cost databases, or estimating guides within the past seven years.
- The proposed project lead must demonstrate experience with Alaska construction costs, including labor rates, material and equipment pricing, freight, geographic cost factors, escalation, and remote construction conditions.
- The contractor must also demonstrate advanced proficiency with Microsoft Excel, including formulas, linked worksheets, data validation, workbook protection, and quality-control testing, as well as the ability to prepare clear technical instructions and supporting tables.
- A bachelor's degree in construction management, engineering, architecture, quantity surveying, or a related field—or equivalent relevant experience.
- Professional cost-estimating certification, such as AACE, ASPE, or an equivalent credential.

An offeror's failure to meet these minimum prior experience requirements will cause their proposal to be considered non-responsive and rejected.

SEC. 1.05 REQUIRED REVIEW

Offerors should carefully review this solicitation for defects and questionable or objectionable material. Comments concerning defects and questionable or objectionable material should be made in writing and received by the procurement officer at least ten days before the deadline for receipt of proposals. This will allow time for the issuance of any necessary amendments. It will also help prevent the opening of a defective proposal and exposure of offeror's proposals upon which award could not be made.

SEC. 1.06 QUESTIONS PRIOR TO DEADLINE FOR RECEIPT OF PROPOSALS

All questions must be in writing and directed to the procurement officer at eed.procurement@alaska.gov.

Two types of questions generally arise. One may be answered by directing the questioner to a specific section of the IRFP. Other questions may be more complex and may require a written amendment to the IRFP. The procurement officer will make that decision. Questions are due no later than **3:00PM** prevailing Alaska Standard Time on **September 23, 2026**.

BACKGROUND INFORMATION

SEC. 1.14 BACKGROUND INFORMATION

The Alaska Department of Education and Early Development (DEED) uses the Program Demand Cost Model for Alaskan Schools to develop and evaluate conceptual construction cost estimates for school construction and renovation projects submitted through the annual Capital Improvement Project process. The Excel-based model and accompanying instructions are updated annually to reflect current Alaska labor, material, equipment, freight, escalation, geographic, and remote-construction costs.

Previous updates included revising unit costs, escalation forecasts, workbook formulas and supporting calculations, instructions, tables, and publication content. The model must account for Alaska-specific conditions such as limited labor availability, freight and mobilization costs, climate, structural and mechanical requirements, short construction seasons, and remote-site risks.

The contractor will receive the existing workbook, instructions, supporting spreadsheets, and prior technical studies. Work is expected to include updating cost data and assumptions, testing formulas and links, documenting sources and significant changes, correcting identified errors, and delivering coordinated and accessible Excel and Word files. Draft documents will be reviewed by DEED, and the contractor will be required to incorporate comments into the final deliverables. Previous updates also included presenting proposed changes to DEED and the Bond Reimbursement and Grant Review Committee.

The Geographic Area Cost Factors (GACF) adjust the model's baseline construction costs for differences among Alaska locations. The factors account for labor availability and productivity, freight and mobilization, travel and per diem, equipment and fuel, climate-related design requirements, structural loads, and remote-construction risk. The current methodology was substantially updated in 2019 and should be reviewed using current, documented information while maintaining a transparent and consistent approach across locations.

SECTION 2. SCOPE OF WORK & CONTRACT INFORMATION

SEC. 2.01 SCOPE OF WORK

The Department of Education and Early Development, Division of School Finance and Facilities needs a current, consistent, and defensible tool for developing and evaluating conceptual costs for school construction and renovation projects throughout Alaska. The updated Program Demand Cost Model should provide reliable statewide cost information that reflects changing labor, material, equipment, freight, escalation, and other construction conditions while maintaining clear supporting calculations and documentation.

The work must also ensure that the model remains accurate, internally consistent, functional, and understandable for use by the department, school districts, design professionals, and other users involved in the capital improvement project process. The updated model must support reasonable comparisons of project costs across different locations and project types and provide a transparent basis for the assumptions and factors used.

In the first and fourth years, the project must also result in an updated Geographic Area Cost Factor assessment that reflects current differences in construction conditions throughout Alaska. The assessment should provide a consistent and supportable basis for adjusting costs among communities with substantially different labor availability, freight and mobilization requirements, climate, logistics, productivity, and remote-construction risks.

SEC. 2.02 CONTRACT TERM AND WORK SCHEDULE

The length of the contract will be from the date of award, approximately **October 2026**, until completion, approximately **September 31, 2027**. The contract resulting from this solicitation will have four 1-year renewal options to be exercised at the sole discretion of the State.

Unless otherwise provided in this IRFP, the State and the successful offeror/contractor agree: (1) that any extension of the contract excluding any exercised renewal options, will be considered as a month-to-month extension, and all other terms and conditions shall remain in full force and effect and (2) the procurement officer will provide written notice to the contractor of the intent to cancel such month-to-month extension at least 30 days before the desired date of cancellation. A month-to-month extension may only be executed by the procurement officer via a written contract amendment.

SEC. 2.03 DELIVERABLES

The contractor will deliver an updated annual edition of the Program Demand Cost Model for Alaskan Schools, including the Excel cost model, supporting calculations and backup spreadsheets, escalation information, instructions, tables, and related publication documents. In the first and fourth years of the contract, the contractor will also deliver an updated Geographic Area Cost Factor (GACF) assessment, including revised factors, methodology, assumptions, supporting data, and documentation. Previous annual updates have included the Program Demand Cost Model, Model School Building Escalation Study, Space Costs for New School and Renovation Work, and updated publication materials.

The Cost Model will be updated annually, with draft materials submitted to the department for review before final publication. The work schedule will include time for department review, presentation of significant proposed changes to the Bond Reimbursement and Grant Review Committee as applicable, incorporation of review comments, and delivery of the final annual Cost Model. In the first and fourth contract year, the updated GACF

assessment will be completed in coordination with the annual Cost Model update. Previous updates have followed a March–April review and publication schedule, with the final model delivered in late April.

All construction cost data, component classifications, supporting calculations, tables, and estimates developed or updated under the contract must conform to the DEED Standard Construction Cost Estimate Format, 2020 Edition, or the current edition identified by DEED, attached in **SECTION 7. ATTACHMENTS**.

Each year, the contractor must present its findings, significant changes, and the updated Program Demand Cost Model to the Bond Reimbursement and Grant Review Committee at its April meeting. The contractor must provide the presentation materials to DEED in advance and incorporate applicable directions resulting from the committee’s review into the final deliverables.

The request must include a detailed description of the portion of work that will be performed outside the United States, where, by whom, and the reason the waiver is necessary.

- 3) Did the offeror provide reference names and phone numbers for similar projects the offeror has completed?

SEC. 4.05 CONTRACT COST (400 POINTS/40 %)

Overall, a minimum of **40%** of the total evaluation points will be assigned to cost. The cost amount used for evaluation may be affected by one or more of the preferences referenced under Section 5.10.

Converting Cost to Points

The lowest cost proposal will receive the maximum number of points allocated to cost. The point allocations for cost on the other proposals will be determined through the method set out in Section 5.15.

SEC. 4.06 ALASKA OFFEROR PREFERENCE (100 POINTS/10%)

If an offeror qualifies for the Alaska Bidder Preference, the offeror will receive an Alaska Offeror Preference. The preference will be 10% of the total available points. This amount will be added to the overall evaluation score of each Alaskan offeror.

SECTION 5. GENERAL PROCESS INFORMATION

SEC. 5.01 ALASKA BUSINESS LICENSE AND OTHER REQUIRED LICENSES

Prior to the award of a contract, an offeror must hold a valid Alaska business license. However, in order to receive the Alaska Bidder Preference and other related preferences, such as the Alaska Veteran Preference and Alaska Offeror Preference, an offeror must hold a valid Alaska business license prior to the deadline for receipt of proposals. Offerors should contact the **Department of Commerce, Community and Economic Development, Division of Corporations, Business, and Professional Licensing, PO Box 110806, Juneau, Alaska 99811-0806**, for information on these licenses. Acceptable evidence that the offeror possesses a valid Alaska business license may consist of any one of the following:

- copy of an Alaska business license;
- certification on the proposal that the offeror has a valid Alaska business license and has included the license number in the proposal;
- a canceled check for the Alaska business license fee;
- a copy of the Alaska business license application with a receipt stamp from the state's occupational licensing office; or
- a sworn and notarized statement that the offeror has applied and paid for the Alaska business license.

You are not required to hold a valid Alaska business license at the time proposals are opened if you possess one of the following licenses and are offering services or supplies under that specific line of business:

- fisheries business licenses issued by Alaska Department of Revenue or Alaska Department of Fish and Game,
- liquor licenses issued by Alaska Department of Revenue for alcohol sales only,
- insurance licenses issued by Alaska Department of Commerce, Community and Economic Development, Division of Insurance, or
- Mining licenses issued by Alaska Department of Revenue.

Prior the deadline for receipt of proposals, all offerors must hold any other necessary applicable professional licenses required by Alaska Statute.

SEC. 5.02 SITE INSPECTION

The state may conduct on-site visits to evaluate the offeror's capacity to perform the contract. An offeror must agree, at risk of being found non-responsive and having its proposal rejected, to provide the state reasonable access to relevant portions of its work sites. Individuals designated by the procurement officer at the state's expense will make site inspection.

SEC. 5.03 CLARIFICATION OF OFFERS

In order to determine if a proposal is reasonably susceptible for award, communications by the procurement officer or the proposal evaluation committee (PEC) are permitted with an offeror to clarify uncertainties or eliminate confusion concerning the contents of a proposal. Clarifications may not result in a material or

substantive change to the proposal. The evaluation by the procurement officer or the PEC may be adjusted as a result of a clarification under this section.

SEC. 5.04 DISCUSSIONS WITH OFFERORS

The state may conduct discussions with offerors in accordance with AS 36.30.240 and 2 AAC 12.290. The purpose of these discussions will be to ensure full understanding of the requirements of the IRFP and proposal. Discussions will be limited to specific sections of the IRFP or proposal identified by the procurement officer. Discussions will only be held with offerors who have submitted a proposal deemed reasonably susceptible for award by the procurement officer. Discussions, if held, will be after initial evaluation of proposals by the procurement officer or the PEC. If modifications are made as a result of these discussions they will be put in writing. Following discussions, the procurement officer may set a time for best and final proposal submissions from those offerors with whom discussions were held. Proposals may be reevaluated after receipt of best and final proposal submissions.

If an offeror does not submit a best and final proposal or a notice of withdrawal, the offeror's immediate previous proposal is considered the offeror's best and final proposal.

Offerors with a disability needing accommodation should contact the procurement officer prior to the date set for discussions so that reasonable accommodation can be made. Any oral modification of a proposal must be reduced to writing by the offeror.

SEC. 5.05 EVALUATION OF PROPOSALS

The procurement officer, or an evaluation committee made up of at least three state employees or public officials, will evaluate proposals. The evaluation will be based solely on the evaluation factors set out in **SECTION 5. EVALUATION CRITERIA AND CONTRACTOR SELECTION**.

After receipt of proposals, if there is a need for any substantial clarification or material change in the IRFP, an amendment will be issued. The amendment will incorporate the clarification or change, and a new date and time established for new or amended proposals. Evaluations may be adjusted as a result of receiving new or amended proposals.

SEC. 5.06 CONTRACT NEGOTIATION

After final evaluation, the procurement officer may negotiate with the offeror of the highest-ranked proposal. Negotiations, if held, shall be within the scope of the request for proposals and limited to those items which would not have an effect on the ranking of proposals. If the highest-ranked offeror fails to provide necessary information for negotiations in a timely manner, or fails to negotiate in good faith, the state may terminate negotiations and negotiate with the offeror of the next highest-ranked proposal. If contract negotiations are commenced, they may be held virtually..

SEC. 5.07 FAILURE TO NEGOTIATE

If the selected offeror

- fails to provide the information required to begin negotiations in a timely manner; or
- fails to negotiate in good faith; or
- indicates they cannot perform the contract within the budgeted funds available for the project; or

- if the offeror and the state, after a good faith effort, simply cannot come to terms,

the state may terminate negotiations with the offeror initially selected and commence negotiations with the next highest ranked offeror.

SEC. 5.08 OFFEROR NOTIFICATION OF SELECTION

After the completion of contract negotiation the procurement officer will issue a written Notice of Intent to Award (NIA) and send copies to all offerors. The NIA will set out the names of all offerors and identify the proposal selected for award.

SEC. 5.09 PROTEST

2 AAC 12.695 provides that an interested party may protest the content of the IRFP or the award of a contract.

An interested party is defined in 2 AAC 12.990(a)(7) as “an actual or prospective bidder or offeror whose economic interest might be affected substantially and directly the issuance of a contract solicitation, the award of a contract, or the failure to award a contract.”

Per 2 AAC 12.695, an interested party must first attempt to informally resolve the dispute with the procurement officer. If that attempt is unsuccessful, the interested party may file a written protest to the solicitation or the award of the contract. The protest must be filed with the Commissioner of the purchasing agency or the Commissioner’s designee. The protester must also file a copy of the protest with the procurement officer. The protest must include the following information:

- the name, address, and telephone number of the protester;
- the signature of the protester or the protester's representative;
- identification of the contracting agency and the solicitation or contract at issue;
- a detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and
- the form of relief requested.

If an interested party wishes to protest the content of a solicitation, the protest must be filed before the date and time that proposals are due.

If an offeror wishes to protest the award of a contract not greater than \$50,000, the protest must be filed within 10 days from the date of the solicitation or award, whichever is later.

If an offeror wishes to protest the award of a contract greater than \$50,000, the protest must be filed within 10 days from the date that notice of award is made.

A protester must have submitted a proposal in order to have sufficient standing to protest the award of a contract.

The procurement officer shall immediately give notice of the protest to the contractor or, if no award has been made, to all offerors who submitted proposals.

If the protestor agrees, the Commissioner of the purchasing department or the Commissioner’s designee may assign the protest to the procurement officer or other state official for alternate dispute resolution. In other cases, the Commissioner or the Commissioner’s designee may issue a decision denying the protest and stating

the reasons for denial, issue a decision sustaining the protest, in whole or in part, and instruct the procurement officer to implement an appropriate remedy, or conduct a hearing using procedures set out in AS 36.30.670(b).

SEC. 5.10 APPLICATION OF PREFERENCES

Certain preferences apply to all contracts for professional services, regardless of their dollar value. The Alaska Bidder, Alaska Veteran, and Alaska Offeror preferences are the most common preferences involved in the IRFP process. Additional preferences that may apply to this procurement are listed below. Guides that contain excerpts from the relevant statutes and codes, explain when the preferences apply and provide examples of how to calculate the preferences are available at the **Department of Administration, Division of Shared Service's** web site:

<http://doa.alaska.gov/dgs/pdf/pref1.pdf>

- Alaska Products Preference - AS 36.30.332
- Recycled Products Preference - AS 36.30.337
- Local Agriculture and Fisheries Products Preference - AS 36.15.050
- Employment Program Preference - AS 36.30.321(b)
- Alaskans with Disabilities Preference - AS 36.30.321(d)
- Alaska Military Skills Program Preference – AS 36.30.321(l)

The Division of Vocational Rehabilitation in the Department of Labor and Workforce Development keeps a list of qualified employment programs and individuals who qualify as persons with a disability. As evidence of a business' or an individual's right to the Employment Program or Alaskans with Disabilities preferences, the Division of Vocational Rehabilitation will issue a certification letter. To take advantage of these preferences, a business or individual must be on the appropriate Division of Vocational Rehabilitation list prior to the time designated for receipt of proposals. Offerors must attach a copy of their certification letter to the proposal. **An offeror's failure to provide this certification letter with their proposal will cause the state to disallow the preference.**

Sec. 5.11 ALASKA BIDDER PREFERENCE

An Alaska Bidder Preference of 5% will be applied to the price in the proposal. The preference will be given to an offeror who:

- 1) holds a current Alaska business license prior to the deadline for receipt of proposals;
- 2) submits a proposal for goods or services under the name appearing on the offeror's current Alaska business license;
- 3) has maintained a place of business within the state staffed by the offeror, or an employee of the offeror, for a period of six months immediately preceding the date of the proposal;
- 4) is incorporated or qualified to do business under the laws of the state, is a sole proprietorship and the proprietor is a resident of the state, is a limited liability company (LLC) organized under AS 10.50 and all members are residents of the state, or is a partnership under AS 32.06 or AS 32.11 and all partners are residents of the state; and
- 5) if a joint venture, is composed entirely of ventures that qualify under (1)-(4) of this subsection.

Alaska Bidder Preference Certification Form

In order to receive the Alaska Bidder Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this IRFP. An offeror does not need to complete the Alaska Veteran Preference questions on the form if not claiming the Alaska Veteran Preference. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.12 ALASKA VETERAN PREFERENCE

An Alaska Veteran Preference of 5%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and is a:

- A. sole proprietorship owned by an Alaska veteran;
- B. partnership under AS 32.06 or AS 32.11 if a majority of the partners are Alaska veterans;
- C. limited liability company organized under AS 10.50 if a majority of the members are Alaska veterans; or
- D. corporation that is wholly owned by individuals, and a majority of the individuals are Alaska veterans.

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided, or for supplies, the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

Alaska Veteran Preference Certification

In order to receive the Alaska Veteran Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this IRFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.13 ALASKA MILITARY SKILLS PROGRAM PREFERENCE

An Alaska Military Skills Program Preference of 2%, not to exceed \$5,000, will be applied to the price in the proposal. The preference will be given to an offeror who qualifies under AS 36.30.990(2) as an Alaska bidder and:

- A. Employs at least one person who is currently enrolled in, or within the previous two years graduated from, a United States Department of Defense SkillBridge or United States Army career skills program for service members or spouses of service members that offers civilian work experience through specific industry training, pre-apprenticeships, registered apprenticeships, or internships during the last 180 days before a service member separates or retires from the service; or
- B. has an active partnership with an entity that employs an apprentice through a program described above.

In accordance with AS 36.30.321(i), the bidder must also add value by actually performing, controlling, managing, and supervising the services provided, or for supplies, the bidder must have sold supplies of the general nature solicited to other state agencies, other government, or the general public.

Alaska Military Skills Program Preference Certification

In order to receive the Alaska Military Skills Program Preference, the proposal must include the Alaska Bidder Preference Certification Form attached to this RFP. An offeror's failure to provide this completed form with their proposal will cause the state to disallow the preference.

SEC. 5.14 ALASKA OFFEROR PREFERENCE

2 AAC 12.260(e) provides Alaska offerors a 10% overall evaluation point preference. Alaska bidders, as defined in AS 36.30.990(2), are eligible for the preference. An Alaska offeror will receive 10 percent of the total available points added to their overall evaluation score as a preference.

SEC. 5.15 FORMULA USED TO CONVERT COST TO POINTS

The distribution of points based on cost will be determined as set out in 2 AAC 12.260(c). The lowest cost proposal will receive the maximum number of points allocated to cost. The point allocations for cost on the other proposals will be determined using the formula:

$$[(\text{Price of Lowest Cost Proposal}) \times (\text{Maximum Points for Cost})] \div (\text{Cost of Each Higher Priced Proposal})$$

SEC. 5.16 EXAMPLES: CONVERTING COST TO POINTS & APPLYING PREFERENCES

(a) FORMULA USED TO CONVERT COST TO POINTS

STEP 1

List all proposal prices, adjusted where appropriate by the application of applicable preferences claimed by the offeror.

Offeror #1	\$40,000
Offeror #2	\$42,750
Offeror #3	\$47,500

STEP 2

In this example, the IRFP allotted 40% of the available 100 points to cost. This means that the lowest cost will receive the maximum number of points.

Offeror #1 receives 40 points.

The reason they receive that amount is because the lowest cost proposal, in this case \$40,000, receives the maximum number of points allocated to cost, 40 points.

Offeror #2 receives 37.4 points.

$$\$40,000 \text{ lowest cost} \times 40 \text{ maximum points for cost} = 1,600,000 \div \$42,750 \text{ cost of Offeror \#2's proposal} = 37.4$$

Offeror #3 receives 33.7 points.

$$\$40,000 \text{ lowest cost} \times 40 \text{ maximum points for cost} = 1,600,000 \div \$47,500 \text{ cost of Offeror \#3's proposal} = 33.7$$

(b) ALASKA OFFEROR PREFERENCE

STEP 1

Determine the number of points available to qualifying offerors under this preference.

$$100 \text{ Total Points Available in IRFP} \times 10\% \text{ Alaska offerors preference} = 10 \text{ Points for the Preference}$$

STEP 2

Determine which offerors qualify as Alaska bidders and thus, are eligible for the Alaska offerors preference. For the purpose of this example, presume that all of the proposals have been completely evaluated based on the evaluation criteria in the IRFP. The scores at this point are:

Offeror #1	83 points	No Preference	0 points
Offeror #2	74 points	Alaska Offerors Preference	10 points
Offeror #3	80 points	Alaska Offerors Preference	10 points

STEP 3

Add the applicable Alaska offerors preference amounts to the offeror's scores:

Offeror #1	83 points	
Offeror #2	84 points	(74 points + 10 points)
Offeror #3	90 points	(80 points + 10 points)

STEP 4

Offeror #3 is the highest scoring offeror and would get the award, provided their proposal is responsible and responsive.

SECTION 6. GENERAL LEGAL INFORMATION

SEC. 6.01 STANDARD CONTRACT PROVISIONS

The contractor will be required to sign and submit the State's Standard Agreement Form for Professional Services Contracts (form SAF.DOC/Appendix A). This form is attached in **SECTION 7. ATTACHMENTS** for your review. The contractor must comply with the contract provisions set out in this attachment. No alteration of these provisions will be permitted without prior written approval from the Department of Law. Objections to any of the provisions in Appendix A must be set out in the offeror's proposal in a separate document. Please include the following information with any change that you are proposing:

1. Identify the provision the offeror takes exception with.
2. Identify why the provision is unjust, unreasonable, etc.
3. Identify exactly what suggested changes should be made.

SEC. 6.02 QUALIFIED OFFERORS

Per 2 AAC 12.875, unless provided for otherwise in the IRFP, to qualify as an offeror for award of a contract issued under AS 36.30, the offeror must:

- 1) Add value in the contract by performing, controlling, managing, or supervising the services to be provided;
or
- 2) Be in the business of selling and have sold on a regular basis the supplies that are the subject of the IRFP.

If the offeror leases services or supplies or acts as a broker or agency in providing the services or supplies in order to meet these requirements, the procurement officer may not accept the offeror as a qualified offeror under AS 36.30.

SEC. 6.03 PROPOSAL AS PART OF THE CONTRACT

Part or all of this IRFP and the successful proposal may be incorporated into the contract.

SEC. 6.04 ADDITIONAL TERMS AND CONDITIONS

The state reserves the right to add terms and conditions during contract negotiations. These terms and conditions will be within the scope of the IRFP and will not affect the proposal evaluations.

SEC. 6.05 HUMAN TRAFFICKING

By signature on their proposal, the offeror certifies that the offeror is not established and headquartered or incorporated and headquartered in a country recognized as Tier 3 in the most recent United States Department of State's Trafficking in Persons Report.

The most recent United States Department of State's Trafficking in Persons Report can be found at the following website: <https://www.state.gov/trafficking-in-persons-report/>

Failure to comply with this requirement will cause the state to reject the proposal as non-responsive or cancel the contract.

SEC. 6.06 RIGHT OF REJECTION

Offerors must comply with all of the terms of the IRFP, the State Procurement Code (AS 36.30), and all applicable local, state, and federal laws, codes, and regulations. The procurement officer may reject any proposal that does not comply with all of the material and substantial terms, conditions, and performance requirements of the IRFP.

Offerors may not qualify the proposal nor restrict the rights of the state. If an offeror does so, the procurement officer may determine the proposal to be a non-responsive counter-offer and the proposal may be rejected.

Minor informalities that:

- do not affect responsiveness;
- are merely a matter of form or format;
- do not change the relative standing or otherwise prejudice other offers;
- do not change the meaning or scope of the IRFP;
- are trivial, negligible, or immaterial in nature;
- do not reflect a material change in the work; or
- do not constitute a substantial reservation against a requirement or provision;

may be waived by the procurement officer.

The state reserves the right to refrain from making an award if it determines that to be in its best interest.

A proposal from a debarred or suspended offeror shall be rejected.

SEC. 6.07 STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The state will not pay any cost associated with the preparation, submittal, presentation, or evaluation of any proposal.

SEC. 6.08 DISCLOSURE OF PROPOSAL CONTENTS

1. All Records belong to the State.
2. The State has sole discretion regarding whether to return any Record. In exercising this discretion, the State will comply with all Laws.
3. Unless a notice of intent to award is issued, the State will, to the extent permitted by Law, consider all Records confidential and not subject to the Alaska Public Records Act (APRA).
4. If and when a notice of intent to award is issued, the State will consider nonconfidential any Record unless, at the time of submission, the offeror undertook the following protective measures:
 - a. marked information confidential;
 - b. for any information marked confidential, identified the authority that makes that specific information confidential; and
 - c. committed, in writing, to explain in detail, including with affidavits and briefs, why each authority applies in any court or administrative proceeding in which any nondisclosure is challenged.

5. If the offeror did not undertake each protective measure, the State will not consider any information in a Record confidential: the State will disclose the entire Record without any redaction in response to an APRA or other request or, if it chooses, in the absence of a request and the State will disclose the entire Record without notifying the offeror.
6. If the offeror undertook each protective measure, the State will withhold the information marked confidential to the following extent:
 - a. the State agrees that the Law protects the information; and
 - b. if the nondisclosure is challenged, the offeror fulfills its commitment to explain, including with affidavits and briefs, how each authority applies to the information marked confidential.
7. The State will only notify an offeror of a request for the Record and of a planned release if the offeror undertook each protective measure, but the State disagrees that the marked information is protected. If there is such a disagreement, then before releasing the Record, the State will, to the extent permitted by Law and practicable, notify the offeror that it will disclose the information unless the offeror convinces the State not to or obtains an order prohibiting disclosure.

SEC. 6.09 ASSIGNMENTS

Per 2 AAC 12.480, the contractor may not transfer or assign any portion of the contract without prior written approval from the procurement officer. Proposals that are conditioned upon the state's approval of an assignment will be rejected as non-responsive.

SEC. 6.10 DISPUTES

A contract resulting from this IRFP is governed by the laws of the State of Alaska. If the contractor has a claim arising in connection with the agreement that it cannot resolve with the state by mutual agreement, it shall pursue the claim, if at all, in accordance with the provisions of AS 36.30.620 – AS 36.30.632. To the extent not otherwise governed by the preceding, the claim shall be brought only in the Superior Court of the State of Alaska and not elsewhere.

SEC. 6.11 SEVERABILITY

If any provision of the contract is found to be invalid or declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions will not be affected; and, the rights and obligations of the parties will be construed and enforced as if the contract did not contain the particular provision held to be invalid.

SEC. 6.12 SUPPLEMENTAL TERMS AND CONDITIONS

Proposals must comply with **SEC. 6.06 RIGHT OF REJECTION**. However, if the state fails to identify or detect supplemental terms or conditions that conflict with those contained in this IRFP or that diminish the state's rights under any contract resulting from the IRFP, the term(s) or condition(s) will be considered null and void. After award of contract:

if conflict arises between a supplemental term or condition included in the proposal and a term or condition of the IRFP, the term or condition of the IRFP will prevail; and

if the state's rights would be diminished as a result of application of a supplemental term or condition included in the proposal, the supplemental term or condition will be considered null and void.

SEC. 6.13 FEDERALLY IMPOSED TARRIFFS

Changes in price (increase or decrease) resulting directly from a new or updated Federal Tariff, excise tax, or duty, imposed after contract award may be adjusted during the contract period or before delivery into the United States via contract amendment.

- **Notification of Changes:** The Contractor must promptly notify the Procurement Officer in writing of any new, increased, or decreased Federal excise tax or duty that may result in either an increase or decrease in the contract price and shall take appropriate action as directed by the Procurement Officer.
- **After-imposed or Increased Taxes and Duties:** Any Federal excise tax or duty for goods or services covered by this contract that was exempted or excluded on the contract award date but later imposed on the contractor during the contract period, as the result of legislative, judicial, or administrative action may result in a price increase provided:
 - a) The tax or duty takes effect after the contract award date and isn't otherwise addressed by the contract;
 - b) The contractor warrants, in writing, that no amount of the newly imposed Federal excise tax or duty or rate increase was included in the contract price, as a contingency or otherwise.
- **After-relieved or Decreased Taxes and Duties:** The contract price shall be decreased by the amount of any decrease in Federal excise tax or duty for goods or services under the contract, except social security or other employment [taxes](#), that the Contractor is required to pay or bear, or does not obtain a refund of, through the Contractor's fault, negligence, or failure to follow instructions of the Procurement Officer.
- **State's Ability to Make Changes:** The State reserves the right to request verification of Federal excise tax or duty amounts on goods or services covered by this contract and increase or decrease the contract price accordingly.
- **Price Change Threshold:** No adjustment shall be made in the contract price under this clause unless the amount of the adjustment exceeds \$250.
