

Credible Care

Community Care Management Made Simple

Credible Care is our mobile solution for documenting and tracking client information in the field. Save time and enable efficient, informed care with an app that makes scheduling info, client data and related documentation accessible anytime, anywhere—even without an internet connection.

Credible Care drives, easy, flexible care management in any community-based setting. Capture, review and edit client data, make scheduling changes and complete visits in your community. Then, rest easy. Credible Care app will securely sync your data to Credible EHR when an internet connection becomes available.

Credible Care Capabilities

- **Simplify community-based care management.** Let's your clinicians access the data they need, when they need it, for smooth workflows and informed care from anywhere.
- **Save time and boost staff productivity.** Update client and staff schedules on the go, view and edit employee to-do lists, collect signatures and complete visits while offline for maximum efficiency in the field.
- **Document care your way.** Work flexibly with treatment planning via Credible Plan, along with custom, interactive forms.
- **Work from a wide range of devices.** Credible Care is available on select Android™ tablets, select Chromebook™ notebook computers, devices running Apple iOS® 11 or newer and devices using iPadOS® 13 or newer.

Credible Care

With Credible Care, staff can capture and access secure, HIPAA-compliant client information, including medication and allergy lists, right from their mobile device. Internet-independent workflows ensure that your clinicians always have the tools and information they need to easily deliver and document client-centered care. And, you can count on data encryption and even more time savings thanks to Credible Care's ability to sync with Credible EHR when an internet connection becomes available.

Once data is synced with Credible EHR, it is immediately available to staff for review, processing reporting and billing. With unmatched ease of use and flexible tools for capturing and sharing vital data from anywhere, Credible Care simplifies care management, saves providers time and helps boost profitability across your agency
